3. The Octroi consists of the moiety of the collections on Cocoanuts,

Betel-leaves, and Tobacco now newly made over to the Municipalities. Cloth is brought under the Octroi only in the town of Tumkur.

4 The Dy Comm^r has submitted detailed statements for each Municipality, shewing the effects of the simplification and revision of the House & Mohaturfa Taxes recently ordered. They will be separately reviewed. The result is an addition to the income of all the minor Municipalities. This increase is very considerable, in trading towns like Gubbi and Tiptoor, in which a large amount of Shop Tax has hitherto been denied by Govt of which

is now paid to the Municipalities.

5 The following Statement exhibits the details of the estimated Expenditure:

6. Under the head of Cost of collection a 5 per Cent remuneration to the Collecting Officials is provided both under the head of Octroi & of House Tax. The Deputy Commissioner's attention is called to the fact that the House and Mohatarfa Taxes are collected in the Municipalities of the Bangalore and Kolar Districts by the Village Officials without any remuneration, & he is requested to carry into effect a similar arrangement in his District.

7. No municipal Establishment is employed in the District offices, but an allowance of Rs 10 per month is provided for a Revenue Accountant

the municipal accounts.
This is sanctioned -

8. The original works proposed are noted in the margin - These as well as the provision made for repairs are approved -

9. The Conservancy Charges provide only for Carts and Sweepers. The rates of hire for these may perhaps admit of some reduction, and it may be useful to employ a peon to superintend their work in the larger towns.

10. No provision is made for the municipal 1/3rd share of the charges of the ~~Boiss Roadcess~~ Dispensaries established at Tumkur and Kunigal - The omission requires explanation -

11. The Municipalities of Hubliyoordroog and Turnekere are not included in the Budgets, the Deputy Commissioner having, in a Separate letter, recommended their abolition in Consideration of their having suffered from famine. The Octroi need not be collected in these towns: but the Municipalities could be sufficiently supported from the Moiety of the House and Mechtefa Taxes. The deputy Commr is requested to submit Separate Budgets for these two Municipalities. The collections in these smaller stations should be entirely devoted to Conservancy purposes.

3. The octroi consists of the moiety of the collections on cocoanuts, betel-leaves and tobacco now newly made over to the Municipalities. Cloth is brought under the octroi only in the town of Túmkúr.

Proceedings of the Chief Commissioner of Mysore in the Revenue Department, (Financial),—dated 24th June 1880.

4. The Deputy Commissioner has submitted detailed statements for each Municipality, shewing the effects of the simplification and revision of the house and mohatarfa taxes recently ordered. They will be separately reviewed. The result is an addition to the income of all the minor Municipalities. This increase is very considerable in trading towns like Gubbi and Tiptur, in which a large amount of shop tax has hitherto been derived by Government, of which one half is now paid to the Municipalities.

5. The following statement exhibits the details of the estimated expenditure :—

Details of Expenditure.	Municipalities.
